

FREE COMMUNITY SCREENING EVENT

How far would you travel to heal someone you love? For one Texas couple, it means a spiritual journey halfway around the world to Mongolia. When their son is diagnosed with autism, they seek the best treatments but nothing works... Until they discover their son's connection to horses and the effect it has on him. Part travel adventure and shamanic quest, this is the story of how one family found a gateway into understanding their son's life.

Community Cinema at the Library
