III. DISCUSSION/ACTION ITEMS
A. Review and Discuss OCLC study From Awareness to Funding: 2018
Several next steps came out of the discussion about the results of the OCLC study.

1. The Directors will speak with his or her Trustee about adding library issues onto their respective County legislative platform.
2. Behringer will invite a representative from the Minnesota Association of Library Friends (MALF) to a future board meeting in order to find ways to work together in advocacy.
3. Research other library systems from around the country and see what approaches they have taken to increase funding.
4. Take a more year round approach to funding rather than focusing on one day.
5. The Directors will continue to think and talk to their staff about the OCLC study and it will be added to the August agenda for further discussion.

B. Consideration of New Appointment to the Minitex Policy Advisory Council
Hoks has completed her term on the Minitex Policy Advisory Council and is looking for a replacement. Behringer will inquire if the position has to be filled by a Library Director or if a staff member who is interested can serve on the board. The appointment will be added to the agenda of the August Board meeting.
C. Discussion of the MELSA Organization Chart (as presented in the annual audit)
Behringer shared a diagram of a new organization chart showing a more accurate role that the Advisory Board plays between MELSA and the MELSA Board of Trustees. In the new diagram the Advisory Board is shown as advising MELSA staff and the Board of Trustees.

D. Discussion About the Process for Development of a Legislative Proposal for a Regional Library Basic Systems Support (RLBSS) Increase/Formula Change
At the July Council of Regional Public Libraries System Administrators (CRPLSA) meeting in July, Behringer has asked that the agenda include discussion on developing a plan for requesting any Regional Library Basic Systems Support (RLBSS) increase/formula change.

If the CRPLSA Board votes to work with MELSA on another RLBSS-related formula proposal, Behringer asked which MELSA Advisory Board members were interested in working on the deliberations. Stone and Thompson expressed a desire to work on the proposal. If CRPLSA approved the initiative, Behringer will contact Grussing to determine his interest in participating.
